R E A D.-

Letter No.C 385-260 dated the 22nd May 1940 from the Director of Public Health in Mysore, submitting for sanction of Government a Comprehensive Scheme for the Underground Drainage System in the Bangalore City Municipality at an estimated cost of Rs 41,24,441

2 Unofficial Note No.263 dated 23rd October 1940 from the Chief Engineer, returning the above estimate duly scrutinised

3 Letter No.A1.1031/38 dated 16th January 1941 from the Municipal Commissioner, Bangalore City in the matter of financing the above Scheme.

ORDER NO L3422-26/M1.90-41-4

DATED, BANGALORE, THE 1st NOVEMBER 1941

The question of formulating a comprehensive Scheme for the Underground Drainage System for Bangalore City has been under the consideration of Government for several years A scheme was prepared by the Director of Public Health at an estimated cost of Rs 41,24,441/- together with a detailed report and the same was thereafter scrutinised by the Chief Engineer. In the meanwhile, works included in the above estimate to the extent of Rs 12,79,181/- were sanctioned by Government and executed to the value of about Rs Ten Lakhs Towards this expenditure, the Bangalore City Municipal Council have contributed a sum of Rs 6,68,315/- and the Government have made a grant of 3½-Lakhs of Rupees, out of the provision made therefor in the State Budget under " 30 Grants for Public Improvements" 1 Bangalore City Improvement during the years 1939-40 and 1940-41 The Scheme was sent to the Bangalore City Municipal Council for approval and for suggesting the ways and means of financing

(Continued on Page 2)

They have resolved that the Scheme may be approved and the Government be requested to give half the cost of their quota as a lumpsum grant, the remaining amount being advanced to them by Government as a loan towards their contribution, subject to its repayment in easy instalments. On the basis of the above resolution, the Municipal Commissioner has recommended that, excluding the amount already spent on the Scheme, a sum of about Rupees thirty-one Lakhs would be required to work out the remaining portion of the comprehensive estimate, out of w hich, Government may be pleased to contribute a sum of Rupees Seventeen Lakhs in a lumpsum and the balance, viz., Rupees Fourteen Lakhs given to the Municipality as a loan. Government considered that in their present financial condition, it will not be possible for them to pay such a large amount in a lumpsum, and that the Government grant may, for the present, be limited to a sum of Rupees Ten Lakhs, including the grant already made. Government are pleased to sanction the comprehensive estimate for Rs.41,21,441/- They further direct that, as a first stage, the following works be taken up and completed in two years -

		Lakhs of Rs
1.	Acquisition of Lands for Disposal Works: ...	Rs.2.7
2.	Extension of the Main Sewer ...	Rs.3 6
3.	Disposal Works ...	Rs.4 0
	Total ...	Rs.10.3

2. To meet the cost of the above works amounting to Rs.10.3 Lakhs, a provision of Rupees Three Lakhs has been made in the current year's State Budget. The balance of Government share will be provided for by Government in the State Budget for the year 1942-43. The Municipal Council should contribute a sum of about Rs.3½ Lakhs and to meet

(Continued on Page 3)

...et their portion of the cost as above, they may, if necessary, obtain a loan from Government or raise a public loan.

3. The question of financing the remaining portion of the Scheme will be considered after the year 1942-43

4. The Director of Public Health is requested to take up the above works urgently and complete them before the end of 1942.

Government consider that there is need for expediting house connections in the several sewered areas in the City and the Municipal Commissioner is requested to take necessary further action accordingly.

Sir,

SUBJECT Estimate for providing Under-ground sewers in Gavipur Guttahalli at an estimated cost of Rs 81,000/-

With reference to the correspondence ending with your letter No 16123 dated 22nd April 1948 on the above subject, I have the honour to state that the amount provided for in the Comprehensive Scheme for providing underground sewers in undeveloped areas is Rs 1,77,971/- The above amount is allocated as follows -

1	Revised estimate for effecting certain repairs and improvements to Kempambudhi Tank (work completed)	42,975-0-0
2	Contingency charges during the year 40-41 and 41-42	153-5-0
3	--------do-------- 42-43	668-5-0
4	Laying under-ground pipe from Kempambudhi road to Cheluvadhipalya	1,127-0-0
5	Estimates for laying street sewers in - Chamarajpet-Guttahalli (Estimate under reference pending with Government)	81,000-0-0
6	Laying Sub-main to prevent sewage entering Agrahara Tank (Estimate submitted to Govt and pending sanction)	41,640-0-0
		1,67,563-10-0

P T O

From the above allocations it can been seen that the - amount of Rs 81,000/- estimated for the above work is also included in the list of works under "Underground sewers in undeveloped areas"

Sanction of Government may kindly therefore be obtained to the - estimate in question as already recommended
